Child Marriage & Early Pregnancy

- 1 My daughter was doing well at secondary school
- 2 When she got her first period I told my friend
- 3 Her brother went drinking with my husband
- 4 He agreed he wanted to marry our daughter
- 5 My daughter would have to leave school
- 6 The boys teased her for being a child bride
- 7 She stayed home whilst her brother went to school
- 8 Her husband took her away to his house
- 9 Soon she was pregnant but she was too young
- 10 She was damaged in childbirth and sent back to us
- 11 We have many children and we are very poor
- 12 She helped to collect firewood
- 13 She just stayed at home with no prospects for work
- 14 I am so sad for her as she was so clever.
